REGULATION
NO.

LOGISTICS
1955

SUPPLY

DISTRIBUTION AND TRANSFER OF PROPERTY

25X1A

Rescission: R dated 23 September 1954

1. GENERAL

This regulation prescribes the policy governing distribution of Agency material in support of operations. This policy will be adhered to when not inconsistent with cover and operational security. Included herein are guidelines for the determination of authorized transfers of Agency property.

2. DISTRIBUTION OF PROPERTY

Normally, the distribution of centrally procured material will be from purchase to general or specialized depots; from general or specialized depots to field depots; from field depots to stations; from stations to users.

3. REDISTRIBUTION OF PROPERTY

The Director of Logistics will redistribute Agency material assets when required to meet Agency requirements.

4. TRANSFER OF U. S. GOVERNMENT PROPERTY

a. TO OR FROM U. S. GOVERNMENT AGENCIES

Transfers of U. S. Government property from other U. S. Government agencies may be accepted on behalf of this Agency by accountable officers as directed by the Director of Logistics. Transfers will be made by appropriate transfer documents, and property will be recorded on Agency accountable records. Transfers of Agency property to other U. S. Government agencies may be made only with the written consent of the Director of Logistics, heads of field installations, or their designees. Transfers to or from other U. S. Government activities are subject to the same property accounting procedures as prescribed for other Agency material.
